

**Class: Badgers**

**Barndale Learning Plan**

**Term: 23/24 Summer 2**

**Communication, Language & Literacy**

**Discussion Texts**

There will be a continuation of weekly Spelling Punctuation and Grammar (SPAG) lessons on Monday's, Vocabulary relating to discussion texts on Tuesday's, Modelling/Planning on Wednesday's, Independent practice on Thursday's and Oracy lessons on Friday's. Students will also improve their phonics skills working on the relevant books they are on.

**Science**

**How are rocks formed and what are the different types?**

Children look at the Rock Cycle to help understand where and how rocks are formed. Students will look at the different features of the rocks to help identify sedimentary and igneous rocks and their characteristics.

**Geography – Weather and Climate**

**What is the topographical landscape like in the UK?**

Using their existing knowledge of Rivers, Mountains, Volcanoes and Valleys, children will explore what these features are like in the UK and where and how to find these. Further exploration of how they change will also take place.

**Numeracy & Problem Solving**

**How is time measured?**

For this half term students work on how time is measured converting seconds to minutes and minutes to hours. Students will then use this knowledge to read timetables that are used in public transport to help prepare them for outside of school.

**Computing**

**Can I communicate safely online?**

We will be looking at the different communication methods online and how websites can track personal information based on web searches. It is intended for students to be more aware of what they are doing online and the impacts of their digital footprint.

**Skills**

This term we are focusing on DofE volunteering: Students choose between Cooking for the benefit of others, Litter Picking, Fundraising, Volunteering in other classes and going to Lionheart Radio station. In D of E practical

**Enrichment & Ways to Wellbeing**

Students will continue to work on their Skills Builder booklets

**Therapeutic Input**
