

Music

Curriculum Expectations

Engage	Activate		
EYFS	KS 1 NC Expectations	Key Stage 2 NC Expectations	Key Stage 3 + NC Expectations
<p>Expressive Arts and Design (Being Imaginative and Expressive)</p> <p>Children sing a range of well-known nursery rhymes and songs.</p> <p>Children perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.</p>	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> use their voices expressively and creatively by singing songs and speaking chants and rhymes; play tuned and untuned instruments musically; listen with concentration and understanding to a range of high-quality live and recorded music; experiment with, create, select and combine sounds using the inter-related dimensions of music. 	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression; improvise and compose music for a range of purposes using the inter-related dimensions of music; listen with attention to detail and recall sounds with increasing aural memory; use and understand staff and other musical notations; appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians; develop an understanding of the history of music. 	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> play and perform confidently in a range of solo and ensemble contexts using their voice, playing instruments musically, fluently and with accuracy and expression improvise and compose; and extend and develop musical ideas by drawing on a range of musical structures, styles, genres and traditions use staff and other relevant notations appropriately and accurately in a range of musical styles, genres and traditions identify and use the inter-related dimensions of music expressively and with increasing sophistication, including use of tonalities, different types of scales and other musical devices listen with increasing discrimination to a wide range of music from great composers and musicians develop a deepening understanding of the music that they perform and to which they listen, and its history

Intent

Music should be an enjoyable experience for pupils and teachers. Children participate in a range of musical experiences, building up their confidence at the same time. They develop their understanding of rhythm and pitch and learn how music is structured, as well as learning technical vocabulary for these elements. As children's confidence builds, they enjoy the performance aspect of music. Children experience listening to music from different cultures and eras.

Implementation

Music will be taught through engaging, motivating and progressive units across the school. Music lessons will:

- ❖ start with an engagement/thought provoking stimulus
- ❖ share a 'Big Learning Question'
- ❖ lead to some 'key enquiry questions'
- ❖ take the questions into a scheme of work
- ❖ allow pupils to develop their own Knowledge Organisers
- ❖ allow pupils to explore instruments (inc voice) to produce music collaboratively and individually
- ❖ allow pupils to evidence their learning using scrapbooks, photographs and performances

Impact

To evidence that our pupils can do more and know more in Art & Design we will:

- ✓ Collate evidence to monitor progress
- ✓ Review knowledge organisers
- ✓ Interview pupils
- ✓ Monitor teaching
- ✓ Review schemes of work
- ✓ Follow achievements through progression maps
- ✓ Performing to an audience
- ✓ Recording music

Musicianship-Technical Fundamentals		
Pulse/Beat	Rhythm	Pitch
<p>Pulse/beat- Pupils can:</p> <ul style="list-style-type: none"> a Walk, move or clap a steady beat with others, changing the speed of the beat as the tempo of the music changes. b Use body percussion, (e.g. clapping, tapping, walking) and classroom percussion (shakers, sticks and blocks, etc.), playing repeated rhythm patterns (ostinati) and short, pitched patterns on tuned instruments (e.g. glockenspiels or chime bars) to maintain a steady beat. c Respond to the pulse in recorded/live music through movement and dance. d Understand that the speed of the beat can change, creating a faster or slower pace (tempo). e Mark the beat of a listening piece by tapping or clapping and recognising tempo as well as changes in tempo. f Walk in time to the beat of a piece of music or song. Know the difference between left and right to support coordination and shared movement with others. g Begin to group beats in twos and threes by tapping knees on the first (strongest) beat and clapping the remaining beats. h Identify the beat groupings in familiar music that they sing regularly and listen to. 	<p>Rhythm- Pupils can:</p> <ul style="list-style-type: none"> a Perform short copycat rhythm patterns accurately, led by the teacher. b Perform short repeating rhythm patterns (ostinati) while keeping in time with a steady beat. c Perform word-pattern chants; create, retain and perform their own rhythm patterns. d Play copycat rhythms, copying a leader, and invent rhythms for others to copy on untuned percussion. e Create rhythms using word phrases as a starting point. f Read and respond to chanted rhythm patterns, and represent them with stick notation including crotchets, quavers and crotchets rests. g Create and perform their own chanted rhythm patterns with the same stick notation. 	<p>Pitch- Pupils can:</p> <ul style="list-style-type: none"> a Listen to sounds in the local school environment, comparing high and low sounds. b Sing familiar songs in both low and high voices and talk about the difference in sound. c Explore percussion sounds to enhance storytelling. d Follow pictures and symbols to guide singing and playing. e Play a range of singing games based on the cuckoo interval matching voices accurately, supported by a leader playing the melody. f Sing short phrases independently within a singing game or short song. g Respond independently to pitch changes heard in short melodic phrases, indicating with actions. h Recognise dot notation and match it to 3-note tunes played on tuned percussion.

	EYFS	KS 1	KS 2	KS 3+
Singing	<p>Children sing a range of well-known nursery rhymes and songs.</p> <p>Children perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.</p>	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> a Sing simple songs, chants and rhymes from memory, singing collectively and at the same pitch, responding to simple visual directions and counting in. b Begin with simple songs with a very small range, mi-so and then slightly wider. c Sing a wide range of call and response songs, control vocal pitch and match pitch with accuracy. d Sing songs regularly with a pitch range of do-so with increasing vocal control. e Sing songs with a small pitch range, pitching accurately. f Know the meaning of dynamics (loud/quiet) and tempo (fast/slow) and be able to demonstrate these when singing by responding to (a) the leader's directions and (b) visual symbols (e.g. crescendo, decrescendo, pause). 	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> a Sing a widening range of unison songs of varying styles and structures with a pitch range of do-so, tunefully and with expression. Perform forte and piano, loud and soft. b Perform actions confidently and in time to a range of action songs. c Walk, move or clap a steady beat with others, changing the speed of the beat as the tempo of the music changes. d Perform as a choir in school assemblies. e Continue to sing a broad range of unison songs with the range of an octave (do-do) pitching the voice accurately and following directions forgetting louder (crescendo) and quieter (decrescendo). f Sing rounds and partner songs in different time signatures (2, 3 and 4 time) and begin to sing repertoire with small and large leaps as well as a simple second part to introduce vocal harmony. 	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> a Sing a broad range of songs from an extended repertoire with a sense of ensemble and performance. This should include observing phrasing, accurate pitching and appropriate style. b Sing three-part rounds, partner songs and songs with a verse and a chorus. c Perform a range of songs in school assemblies and in school performance opportunities. d Sing a broad range of songs, including those that involve syncopated rhythms, as part of a choir, with a sense of ensemble and performance. This should include observing rhythm, phrasing, accurate pitching and appropriate style. e Continue to sing three- and four- part rounds or partner songs, and experiment with positioning singers randomly within the group – i.e. no longer in discrete parts – in order to develop greater listening skills, balance between parts and vocal independence. f Perform a range of songs as a choir in school assemblies, school performance opportunities and to a wider audience.

Children sing a range of well-known nursery rhymes and songs.

Children perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.

Children can:

- a Improvise simple vocal chants, using question and answer phrases.
- b Create musical sound effects and short sequences of sounds in response to stimuli. Combine sounds to make a story, choosing and playing instruments or sound-makers.
- c Understand the difference between creating a rhythm pattern and a pitch pattern.
- d Invent, retain and recall rhythm and pitch patterns and perform these for others, taking turns.
- e Use music technology, if available, to capture, change and combine sounds.
- f Recognise how graphic notation can represent created sounds. Explore and invent own symbols.
- g Create music in response to a non-musical stimulus.
- h Work with a partner to improvise simple question and answer phrases, to be sung and played on untuned percussion, creating a musical conversation.
- i Use graphic symbols, dot notation and stick notation, as appropriate, to keep a record of composed pieces.
- j Use music technology, if available, to capture, change and combine sounds.

Composing- Improvise. Children can:

- a Become more skilled in improvising (using voices, tuned and untuned percussion and instruments played in whole-class/group/individual/instrumental teaching), inventing short 'on-the-spot' responses using a limited note-range.
- b Structure musical ideas (e.g. using echo or question and answer phrases) to create music that has a beginning, middle and end. Pupils should compose in response to different stimuli, e.g. stories, verse, images (paintings and photographs) and musical sources. in design and technology that have helped shape the world.
- c Improvise on a limited range of pitches on the instrument they are now learning, making use of musical features including smooth (legato) and detached (staccato).
- d Begin to make compositional decisions about the overall structure of improvisations.

Composing. Children can:

- a Combine known rhythmic notation with letter names to create rising and falling phrases using just three notes (do, re and mi).
- b Compose song accompaniments on untuned percussion using known rhythms and note values.
- c Combine known rhythmic notation with letter names to create short pentatonic phrases using a limited range of 5 pitches suitable for the instruments being learnt. Sing and play these phrases as self-standing compositions.
- d Arrange individual notation cards of known note values (i.e. minim, crotchet, crotchet rest and paired quavers) to create sequences of 2-, 3- or 4-beat phrases, arranged into bars.
- e Explore developing knowledge of musical components by composing music to create a specific mood, for example creating music to accompany a short film clip.
- f Introduce major and minor chords.
- g Include instruments played in whole- class/group/individual teaching
- h to expand the scope and range of the sound palette available for composition work.
- i Capture and record creative ideas
- j using graphic symbols, rhythm notation and time signatures, staff notation or technology.

Composing- Improvise. Children can:

- a Improvise freely over a drone, developing sense of shape and character, using tuned percussion and melodic instruments.
- b Improvise over a simple groove, responding to the beat, creating a satisfying melodic shape; experiment with using a wider range of dynamics, including very loud (fortissimo), very quiet (pianissimo), moderately loud (mezzo forte), and moderately quiet (mezzo piano).
- c Create music with multiple sections that include repetition and contrast.
- d Use chord changes as part of an improvised sequence.
- e Extend improvised melodies beyond 8 beats over a fixed groove, creating a satisfying melodic shape.

Composing. Children can:

- a Compose melodies made from pairs of phrases in either C major or A minor or a key suitable for the instrument chosen. These melodies can be enhanced with rhythmic or chordal accompaniment.
- b Working in pairs, compose a short ternary piece.
- c Use chords to compose music to evoke a specific atmosphere, mood or environment. Equally, pupils might create music to accompany a silent film or to set a scene in a play or book.
- d Capture and record creative ideas using graphic symbols, rhythm notation and time signatures, staff notation or technology.
- e Plan and compose an 8- or 16- beat melodic phrase using the pentatonic scale (e.g. C, D, E, G, A)
- f and incorporate rhythmic variety and interest. Play this melody on available tuned percussion and/or orchestral instruments. Notate this melody.
- g Compose melodies made from pairs of phrases in either G major or E minor or a key suitable for the instrument chosen.
- h Either of these melodies can be enhanced with rhythmic or chordal accompaniment.
- i Compose a ternary piece; use available music software/apps to create and record it, discussing how musical contrasts are achieved.

Listening	Children show focus and attention to music, songs, rhymes and respond.	Pupils should be taught to: a Teachers should develop pupils' shared knowledge and understanding of the stories, origins, traditions, history and social context of the music they are listening to, singing and playing. Listening to recorded performances should be complemented by opportunities to experience live music making in and out of school.	Pupils should be taught to: a Teachers should develop pupils' shared knowledge and understanding of the stories, origins, traditions, history and social context of the music they are listening to, singing and playing. KS 2/3 Performance				
---------------------------	--	--	--	--

Performing- Instrumental	Pupils should be taught to: a Develop facility in playing tuned percussion or a melodic instrument, such as violin or recorder. Play and perform melodies following staff notation using a small range (e.g. Middle C–E/do–mi) as a whole class b or in small groups (e.g. trios and quartets). d Use listening skills to correctly order phrases using dot notation, showing different arrangements of notes C–D–E/do–re–mi. e Individually (solo) copy stepwise melodic phrases with accuracy at different speeds; allegro and adagio, fast and slow. Extend to question-and-answer phrases.	Pupils should be taught to: a Develop facility in the basic skills of a selected musical instrument over a sustained learning period. b Play and perform melodies following staff notation using a small range (e.g. Middle C–G/do–so) as a whole-class or in small groups. c Perform in two or more parts (e.g. melody and accompaniment or a duet) from simple notation using instruments played in whole class teaching. Identify static and moving parts. d Copy short melodic phrases including those using the pentatonic scale (e.g. C, D, E, G, A).	Pupils should be taught to: a Play melodies on tuned percussion, melodic instruments or keyboards, following staff notation written on one stave and using notes within the Middle C–C'/do–do range. b Understand how triads are formed, and play them on tuned percussion, melodic instruments or keyboards. Perform simple, chordal accompaniments to familiar songs. d Perform a range of repertoire pieces and arrangements combining acoustic instruments to form mixed ensembles, including a school orchestra. e Develop the skill of playing by ear on tuned instruments, copying longer phrases and familiar melodies.	Pupils should be taught to: a Play a melody following staff notation written on one stave and using notes within an octave range (do–do); b make decisions about dynamic range, including very loud, very quiet, moderately loud and moderately quiet. d Accompany this same melody, and others, using block chords or a bass line. e Engage with others through ensemble playing with pupils taking on melody or accompaniment roles.
	Performing- Reading Notation	Pupils should be taught to: a Understand the stave, lines and spaces, and clef. Use dot notation to show higher or lower pitch. b Understand the differences between crotchets and paired quavers. c Apply word chants to rhythms, understanding how to link each syllable to one musical note.	Pupils should be taught to: a Understand the differences between minims, crotchets, paired quavers and rests. b Read and perform pitch notation within a defined range (e.g. C–G/do–so). d Follow and perform simple rhythmic scores to a steady beat: maintain individual parts accurately within the rhythmic texture, achieving a sense of ensemble.	Pupils should be taught to: a Further understand the differences between semibreves, minims, crotchets and crotchet rests, paired quavers and semiquavers. b Understand the differences between 2/4, 3/4 and 4/4 time signatures. c Read and perform pitch notation within an octave (e.g. C–C'/do–do). d Read and play short rhythmic phrases at sight from prepared cards, using conventional symbols for known rhythms and note durations.
