BADGERS

Communication, Language & Literacy

During the 2nd Autumn term, we'll be looking at poetry. We'll look at different forms of poetry, use of language and investigate how we respond to poetry. We will have regular Guided Reading sessions as well as individual reading with the teaching team. We will have regular opportunities to develop our speaking & listening skills during our Oracy lessons.

Knowledge and Understanding of the World

Does the crime fit the punishment?

This Crime and Punishment unit will help us to develop our chronological knowledge beyond 1066 through studying this aspect of social history. We will find out about the legacy of the Roman justice system and crime and punishment through the Anglo-Saxon, Tudor and Victorian periods.

Maths & Problem Solving

In our Maths groups, our focus switches to the four operations: addition, subtraction, multiplication and division. As well as fluency, we'll look at problem-solving and reasoning questions. Some of us will develop our arithmetic skills and learn where practically we might use these maths skills in real-life.

Science

Does light only travel in straight lines?

In our science lessons, we'll begin to understand how the pupils in our eyes react to different amounts of light. Practically, we'll explain how light moves through a periscope and make our own periscopes to. We'll learn vocabulary associated with transparency using correct

RE

Should Christians be greener than everyone else?

In RE, we will consider and weigh up how ideas studied in this unit relate to our own experiences and experiences of the world today, developing insights of our own and giving good reasons for the views we have and the connections they make.

Computing

What do I need to know to create a game?

Using coding skills, we will learn to code a game with a timer and a score. We will learn to understand the different functions needed to create a game. We will learn to recognise code and debug (fix) code that is not delivering the required actions.

Enrichment & Ways to Wellbeing

In the Badgers, we will embrace the impact of a positive mental health. Every week, we will have our classroom nominations where the pupils vote for their own star of the week whilst telling their chosen person why they are special. We shall have regular opportunities where we try new activities that promote positive mental health.

Physical Education

Is it easy to get fit?

In Pe, we will take part in a range of activities that explore and develop different area of health and fitness. We'll look at speed, stamina, co-ordination, balance and agility. We will need to persevere when we get tired or when we find a challenge hard. We will encourage others to do the same.

Art & Design Technology

During art with Faye, we will develop our Drawing skills using different techniques and types of lines. We will use lines to create different patterns. In DT, we will learn ways food is preserved and why it is preserved. We will list simple routines to help stop the spread of germs. We will prepare a range of simple food ingredients.
